

Dorgard

Wedging open fire doors is illegal and dangerous. Dorgard is the safe, legal and cost-effective solution.

Dorgard provides a wireless solution for legally holding open fire doors in any position.

Dorgard features

- Installs in under five minutes
- Improves access for wheelchair users in line with the Disability Discrimination Act
- Complies with BS EN 1155 and approved by the Fire Brigade
- Automatically releases fire doors when the fire alarm sounds
- Available in a variety of colours and finishes
- Automatic night-time release facility

Dorgard is suitable for normal environments, e.g. offices, care homes and hotels that have an automatic fire detection system installed.
